**Re: TerreStar Networks Inc.
WT Docket Nos. 07-195, 04-356, 07-16 and 07-30
Notification of Ex Parte Presentation**

Dear Ms. Dortch:

On May 30, 2008, Doug Brandon, Vice President, Regulatory Affairs, of TerreStar Networks Inc. ("TerreStar"), and Thomas Tycz, Senior Policy Advisor of this firm, met with Angela Giancarlo, Chief of Staff and Senior Legal Advisor to Commissioner Robert McDowell, concerning the above-referenced proceedings. Messrs. Brandon and Tycz underscored the proximity of the proposed new AWS bands to 2 GHz mobile satellite service ("MSS") frequencies to be used by TerreStar, and they stressed the need to protect MSS handsets and base stations from harmful out of band emissions. The attached chart was given to Ms. Giancarlo during the meeting.

Please direct any questions concerning this matter to the undersigned.

Sincerely,

Joseph A. Godles
Attorney for TerreStar Networks Inc.

cc: Angela Giancarlo

AWS-2, AWS-3, and MSS Band Proximity
